

And All That Jazz

from the musical Chicago

Men: Come on, babe, why don't we paint the town?
All: And all that jazz
Women: I'm gonna rouge my knees and roll my stockings down
All: And all that jazz

All: Start the car, I know a whoopee spot
All: Where the gin is cold and the piano's hot!
All: It's just a noisy hall where there's a nightly brawl
All: And all that jazz .

Women: Slick your hair and wear your buckle shoes
All: And all that jazz
Men: I hear that Father Dip is gonna blow the blues
All: And all that jazz,

Women: Hold on, hon', we're gonna bunny hug
All: I bought some aspirin down at United Drug
Women: In case you shake apart and wanna brand new start
All: To do that — jazz!

Women: Oh, you're gonna see your Sheba shimmy shake
All: And all that jazz
Women: Oh, she's gonna shimmy 'till her garters break
All: And all that jazz

Women: Show her where to park her girdle
Women: Oh, her mother's blood'd curdle
Women: (If she'd hear her baby's weird)
All: For all that jazz
